

The Morris Museum and Stephen W. Schwartz, AIA, Architect of SWS Architects, proudly present a series of LEGO® community workshops at the Morris Museum.

Build Historic Morristown

SATURDAY, January 14 OR THURSDAY, January 19
2:00 - 4:00PM 6:00 - 8:00PM

Participate in one of these family workshops and help to construct 50 historical buildings with 50 families using 50,000 LEGO® building blocks. The final creations will be used to create a giant map of Morristown.

Windmills and Wind Power

SATURDAY, January 28
2:00 - 4:00PM

Join together with 50 families to build 50 unique windmills using 50,000 LEGO® building blocks and learn about wind power off the coast of New Jersey. The windmill creations will be placed on a large map of the New Jersey coastline.

Fees:

\$40 per family (up to 4 members) per session
Registration is required. Space is limited.

Please register in person at our sponsor's location:

Coldwell Banker Residential Brokerage
211 South Street
Morristown, NJ 07960
